

Job Title

We are seeking an exceptional Group Controller who will support Regional Group and its affiliated companies by enabling financial decisions through timely financial reporting and through the establishment, monitoring and enforcement of policies and procedures.

The Role

- Manages and oversees overall finance processes and activities including monthly financial reporting, accounting operations - including general accounting and reporting – treasury and payroll.
- Designs and operationalizes an effective system of internal controls.
- Tracks cash flows.
- Provides analysis and recommended actions.
- Assesses and manages team's performance.

Attributes

- Accounting designation, ideally CPA, CA
- Experience with financial statement preparation and external reporting
- Proficiency with MS Office suite with a penchant for technology
- Ability to effectively prioritize and execute multiple tasks

About Regional Group

- Fun is one of our core values
- We empower our people to strive for creativity, uniqueness and distinction
- \$3+ billion project pipeline
- City builders in Ottawa for 60 years and three generations
- Vertically-integrated and multi-disciplinary: real estate advisory, management, development, construction, and investment
